

Iz urednikove beležke

Pred nami je izbor plenarnih in osrednjih prispevkov z lanskega (prvega) kongresa slovenskega socialnega dela v Portorožu. Ureditev prispevkov po sklopih (gl. povzetke na str. 327 ss.) se ujema z ureditvijo na kongresu, kar pomeni, da je bilo razporejanje, opravljeno pred kongresom na podlagi abstraktov, posrečeno. Le pri enem prispevku smo morali za natančnejšo razvrstitev zamenjati sklop, v katerega je bil postavljen.

Editor's notes

The present issue brings a selection of plenary and central contributions from the first congress of Slovenian social work last year in Portorose. The order and grouping of contributions (see Abstracts on next page and ff.) corresponds to their arrangement at the congress, which indicates that the sorting done before the congress on the basis of abstracts was quite successful. Only one paper had to be moved, for a more precise placement, under another heading.
